DEPUTANTS OF VICE ZONE SUMMONED TO APPEAR BEFORE JURY

Stinger, Once of Eighth District, and Kenny, of Second Division, Called by Telegrams to Be Witnesses

BOTH MEN HAD CHARGE

The Grand Jury, in its investigation of vice in this city, made it evident today that not only police captains and district commanders, but the "inevitable power" behind the controlling supervision of the Termination section is to be brought to light, if possible.

To this end the jury today sent a preliminary telegram to George Stinger, who is a lieutenant commanding the Eighth Police District and is in charge of the Termination section, and another to William Kenny, who is a lieutenant in the same section and is in charge of the Termination section.

The sudden desire on the part of the jury to quiz Stinger and Kenny, who have testified previously in the investigation, is to ascertain from them if possible by whom orders the "lid" was lifted on the vice of the May primary election in the Termination section, and to determine if it was Stinger, who is also at Atlantic City, and permitted to remain off until a few hours prior to the wholesale descent on the night of July 15. Then it was ascertained as quickly as it had been removed on the previous occasion.

The Grand Jury will ask Stinger and Kenny about these circumstances, and endeavor to ascertain through what agency the "lid" was raised on the occasion named.

Director Wilson, Assistant Director Davis and Superintendent Robinson are also to be recalled and quizzed upon the same subject. The Grand Jury is convinced that some one "higher up" controlled the situation, and is determined to "smoke out" and, if warranted, to indict the invisible power behind the police department.

NEW YORK TROLLEYS RESUME AS STRIKERS ACCEPT CONCESSIONS

Transit Conditions in Manhattan Borough Nearly Normal; Two More Companies Reach Agreement

POINTS OF AGREEMENT

NEW YORK, Aug. 8.—Street car traffic conditions are rapidly returning to normal in Manhattan borough, following the acceptance of the Mitchell-Struck agreements by officials of the New York City Railways Company, the Third Avenue line and the United.

Leaders of the men say that, as short as was the strike, it brought victory for the union.

A conference in City Hall, representatives of the Second Avenue and Staten Island Transit Companies today accepted the agreement. This action means a complete settlement of the strike unless unforeseen developments arise.

Seven thousand policemen assigned to strike duty are being sent back to their regular work and that may cause between those companies and their employees.

Among the important concessions won by the strikers were the rights to organize and to deal with the employers through committees. The union yielded its claim to recognition, but the companies allowed their employees to select spokesmen or advisers from among themselves to represent them in case disputes arose. The principle of arbitration was also accepted, and arrangements were made for a board which would settle disputes between the companies and the men in the future.

HOWARD KEYSER DIES

Civil War Veteran Succumbs at Home in Melrose Park

Howard Keyser, Civil War veteran and member of various fraternal organizations, died yesterday at his home, 1117 Stratford avenue, Melrose Park, of an illness due to old age. He was 74 years old.

CADORNA INIZIA LA SUA OFFENSIVA SUL FRONTE DOBERDO-MONFALCONE

Una Batteria di Cannoni, Dozzine di Mitragliatrici e Grande Quantita' di Munizioni Prese al Nemico

BERSAGLIERI VITTORIOSI

ROMA, 8 Agosto.

Sembra che una nuova offensiva sulla fronte dell'Isonzo sia stata iniziata fin da venerdi scorso dalle forze del generale Cadorna. Per ora gli attacchi sono concentrati nella zona di Monfalcone e sulla parte meridionale dell'altopiano di Doberdo, ma e' chiaro che essi andranno rapidamente dilagando verso il nord, cosı' da investire ancora le ultime posizioni austriache nella zona di San Michele e San Martino del Carso. Il fatto che negli attacchi annunciati ieri dal Ministero della Guerra gli italiani hanno catturato 2500 prigionieri, indica che le operazioni in quella zona sono state intraprese con forze considerevoli.

Disparci dalla fronte dicono che la riva destra del fiume Isonzo e' stata ormai completamente liberata dalle forze austriache che ancora la occupavano e che le truppe del generale Cadorna hanno occupato nuove posizioni lungo l'Isonzo.

Un telegramma dalla fronte dice che il numero di prigionieri austriaci che e' caduto nelle mani degli italiani e' stato aumentato considerevolmente e che gli austriaci hanno cominciato a distruggere villaggi nella zona di Gorizia come se preparassero l'evacuazione della fortezza.

In questi ciroli militari si ritiene che una nuova e' pedesera offensiva e' stata iniziata dal generale Cadorna sulla fronte dell'Isonzo, offensiva che era stata preparata in parecchio tempo e che era stata ritardata dall'offensiva austriaca. In parecchi punti i cannoni italiani tuonavano con eccellenti effetti sulle linee austriache ad est di Monfalcone e gli attacchi di sabato e domenica furono fatti con tale forza che i nemici, come non si era visto da parecchi mesi lungo le rive dell'Isonzo.

MAN SHOTS AT WIFE IN TELEPHONE BOOTH

Jealousy Drives Husband to Fire at Woman—Bullet Grazes Her Ear Lobe

A jealous husband who saw his wife, from whom he had been estranged, talking in a telephone booth became so enraged that he drew a revolver and sent a bullet through the glass door. Just at that moment his wife nodded her head as if to emphasize a remark and thereby saved her life. The bullet grazed the lobe of her ear and was embedded in the wall.

John Kavano, 40 years old, the jealous husband, who lives at American and Somerset streets, is a prisoner at the Park and Lehigh avenues station, where he will be arraigned today. Mrs. Maud Kavano, his wife, was treated in the Samaritan Hospital.

The shooting took place in the cigar store of George W. Kopp, Eleventh and Somerset streets, where Mrs. Kavano was called from her home, 1031 Somerset street, to answer a telephone call. Kavano chanced into the store to buy tobacco. He ordered his wife to discontinue the telephone call, it was said, and she refused. Kavano, person who the store assistant believed his wife was talking to a suitor.

POLICE HEAD DENIES HE FAVORS LAWYERS

Director Wilson Says Women's Cases Go to Magistrates for Effective Treatment

William H. Wilson, Director of Public Safety, last night issued a statement replying to charges that the trials of women had been diverted from Judge Brown's misdemeanants' division of the Municipal Court to the Central Station police court for the benefit of a coterie of lawyers with political influence.

Director Wilson's statement follows: "From January 3 down until Judge Davila's decision very little headway was made in the suppression of these women. During the period that the Municipal Court had assumed jurisdiction over these cases reports which came to me from the Bureau of Police show that in January, 1916, there were 84 arrests of such women. Of this number five were sent to the county prison for periods varying from 10 to 30 days and nine to the House of Correction for periods varying from three to nine months. The rest were all discharged or put on probation.

"In February there were 63 arrests, of whom five were sent to the county prison for from five to ten days, seven to the House of Correction for periods varying from three to nine months. Two were sent to the House of Correction for 10 days each, and three to the House of the Good Shepherd. Two others were sent to the House of the Good Shepherd and were subsequently discharged. All the rest were discharged or put on probation.

"In March there were 95 arrests. Of these 14 were sent to the House of Correction for three to nine months, two to the county prison for 10 days each, and three to the House of the Good Shepherd. Two others were sent to the House of the Good Shepherd and were subsequently discharged. All the rest were discharged or put on probation.

"During the month of May the Magistrates again assumed jurisdiction over such cases. Before them there were 43 cases. Of these 15 were sent to the House of Correction for terms ranging from two to six months, 24 to the county prison for 10 days each, one to the Philadelphia Hospital and none discharged.

"In June there were 109 arrests, of which four were sent to the House of Correction for periods from 10 to 20 days, six to the county prison for 10 to 20 days, one to the House of the Good Shepherd and two discharged.

"In July there were 55 arrests. Of these 11 were sent to the House of Correction for three to 18 months and 44 to the county prison for 30 days. One was discharged.

"During the time that the Municipal Court assumed exclusive jurisdiction of these cases we find the same offender was repeatedly arrested. Since the Magistrates have had charge of this class of cases, the records show that out of 208 cases there were 63 discharges and no fines. All the rest have been sentenced to various terms of imprisonment.

"The result of this action is that such offenses have been reduced to a minimum. In my opinion, this certainly justifies the action taken. I have received more than 100 letters asking for the discharge of persons and have turned them all down. As to the action the court may have taken in any case, that is for the court to determine.

PRESIDENT WILSON MAY OPEN CAMPAIGN BEFORE CONGRESS ADJOURNS

With His Tentative Agreement to Begin Fight September 1, Democratic Lieutenants Show Activity

SPEECH NEARLY FINISHED

By ROBERT J. BENDER

WASHINGTON, Aug. 8.—With President Wilson's tentative agreement to open the Democratic campaign around September 1, regardless of the action of Congress, all party hands began preparation today for the coming fight.

September 2 is now settled as the latest date for the nomination of a candidate for the Democratic branch. If evidence is convincing that Congress will remain in session well into September, it may result in the President making his address of acceptance the last week in August.

The speech is practically completed. The first draft has been made. It will be less than 4000 words in length.

Senator Ollie James, who will officially notify the President of his renomination, also has his address in hand. It will emphasize the contention that a "united America stands behind the President."

While Hughes's campaign tour may develop some political necessities changes from time to time in the President's address the features which will be most strongly put forth, according to the present draft, will include:

The policy of this country toward the Mexico and the South American republics.

Plans for continuing industrial preparedness to meet the economic situation facing the country after the war.

The course of the Administration in maintaining peace.

A resume of the legislation offered and passed by a Democratic Congress, what it already has done and what it is expected to do in meeting the unusual business conditions facing the country.

What the Administration offers labor.

By those close to the President it is declared he will accept Mexico as the campaign issue if his opponents continue to indicate they desire the campaign fought on that question.

In selecting a Saturday for the day of notification at Long Branch, the Democrats expect to make it a regular old-fashioned rally at the big Shadow Lawn estate. A platform will be built in front of the mansion and a sounding board will be placed above it, so that all of the 10,000 persons expected to be present may hear what the President has to say. Arrangements have been made to hold the ceremony inside the mansion should it rain.

MOORE PILOTS CONGRESSMEN FROM WEST OVER WATERWAYS

Effort Made to Interest Them in Atlantic Coastal System

By a Staff Correspondent

WASHINGTON, Aug. 8.—Former Speaker Joseph G. Cannon, of Illinois; Representative J. Hampton Moore, of Philadelphia, and a number of other Congressmen returned today from a trip through the Dismal Swamp and coastal waterways along the southern shore. They passed through the Virginia cut and the North Carolina cut. The trip was made to interest middle western and western Congressmen in the Atlantic coastal canal project.

The propeller of the ship on which the congressional party traveled turned up the body of a drowned man soon after leaving Norfolk.

Missing Man Found Dead

ALLENTOWN, Pa., Aug. 8.—After he had been missing three weeks, the body of George Kirshoff, 48 years old, of North Coplay, was today found in a quarry. It is said Kirshoff, who until a year ago was a prosperous business man, lost his money in a venture whereby he tried to produce whiskey out of a combination of wine and elder, and between drinking the concoction and worrying over his financial troubles became mentally deranged. A child that he had after his disappearance was buried last Saturday.
